All are up-to-date varieties which have proved their worth in my World-Famous Exhibition and Test Gardens, and are freshly dug for your order. NO FINER, LARGER OR FREER FLOWERING PLANTS ARE GROWN ANYWHERE IN THE WORLD THAN WILL BE SHIPPED IN THESE COLLECTIONS.

25 EXTRA CHOICE SUMMER-BLOOMING JAPANESE IRIS FOR \$3.00

If I had to choose just one group of Iris it would be the Japanese Iris because of their great size and striking beauty. At this low price, every flower-lover can afford to have a collection of these gorgeous beauties. There is nothing more showy and as they blossom after the other Irises have finished flowering, they thus prolong the Iris season for several weeks. There are giant singles and doubles, soft tints and intense deep colors in a most comprehensive range, unlabeled. Many of the flowers measure 8 to 10 inches across. Some of the varieties have never been offered before in a low-priced collection, having never until now had sufficient surplus stock of them. Anyone may be successful with Japanese Iris by following the simple cultural directions that will accompany all shipments.

25 WORLD'S FINEST SIBERIAN IRIS, \$3.00

This is not only a very unusual collection, it is also the finest collection of Siberian Iris obtainable anywhere in the world at any price. Many eminent authorities consider the Siberian Iris the most elegant of all Irises. They are prodigious bloomers, an established clump often producing fifty or more flowering stalks with hundreds of flowers open at one time. They are of the easiest possible culture. In form they differ from all other Iris and deserve a place in every flower garden. I will include in this collection varieties that recently sold at \$5.00 to \$10.00 a plant and will personally select them to cover the full color range, unlabeled.

"PRIZE-WINNER" COLLECTION

20 EXQUISITE TALL BEARDED IRIS, \$2.50

This is your opportunity to enjoy a garden full of the world's most beautiful Iris at less than the price you would have paid a few years ago for a single plant of the varieties I am offering in this collection. Some of these varieties sold recently at from \$5.00 to \$50.00 a plant. Others have been consistent prize winners on the show benches. Each of these 20 plants represents a choice variety, different from all the others. It is as representative a collection as I have ever assembled for the money in my 26 years' experience.
